

OUTPUT

Big rubber granulate
2 - 4 mm

Fine rubber granulate
0,5 - 2 mm

Steel wire

Textile fiber

Compact Tire recycling solutions

Ready-made, the TIRE BOX integrates a complete tire recycling line within combined containers of two 40', one 20' and one 10'.

Compact, mobile, efficient and economical, the TIRE BOX's achievement is to retain all the equipment of a standard MTB recycling line and condense it all in containers. This concept Plug'n'Run is fully integrated and ready for use without any assembly operation required.

TIRE RECYCLING SOLUTIONS

OVER 40 YEARS OF EXPERIENCE IN FERROUS AND NON-FERROUS RECYCLING

MTB is considered as a pioneer in tomorrow's waste recycling. Concerned with the future of our planet, the company values « ZERO WASTE, PREMIUM QUALITY and FOR OUR CHILDREN » lead its development strategy.

Both an operator and a manufacturer, MTB has highly-qualified experience in the treatment of tires.

We are now able to offer many solutions for the treatment of tires, from the simplest to the most advanced:

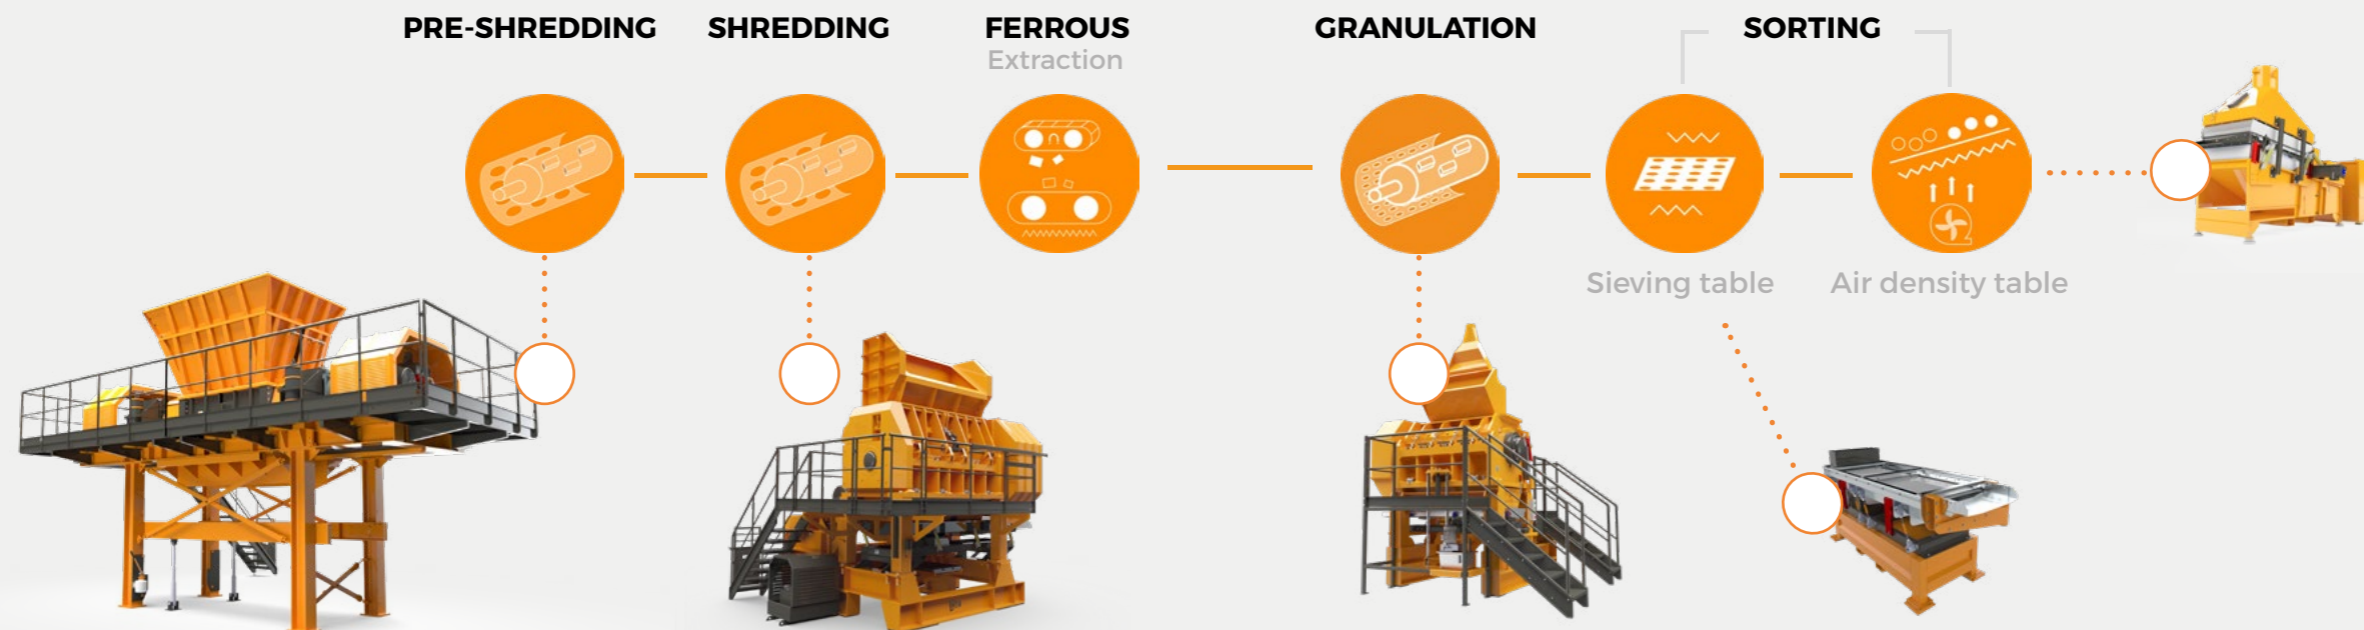

- + Simple size reduction with our RSX rotary shears.
- + Producing TDF with or without steel, by combining shear and shredder.
- + Complete granulation line (0-4 mm grain)
- + Grain refining (0-1,5 mm)
- + Optional textile cleaning
- + CWS (Clean Wire System) enables producing a clean steel (from 96 up to 99%)
- + Optional studs removal process (Winter tires)
